Re: Announcing Agricultural Education 'After School Special'

Date: December 1, 2008

Supervised Learning Experience (SLE) Workshop
New Jersey Department of Agriculture, 369 South Warren Street, Trenton
Auditorium (first floor)

January 14, 2009 (January 15th Snow Date)
3:00 - 5:30 pm

Anne Freeman and Gary Diggs (members of the NJDE Ag, Food and Nat Resources Career Cluster) will attend this special Ag teacher workshop to give an update and answer questions regarding Structured learning Experiences, Cooperative Education Hazardous and Non Hazardous certifications.

They will also discuss training courses for supervising SLEs among other topics of concern regarding experiential learning. SAE is part of a quality Agricultural Education program. It is important to stay current with SAE/SLE information.

Depending on time we will also discuss some options for electronic record keeping systems.

Preregistration is due January 9, 2009 using the registration form included in this mailing. This announcement and the registration form is also available on the Ag Ed Bulletin Board on our website.

Please feel free to contact me if you have any questions..
